#### Ansewn Shoe Company, Bangor, ME; Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) as amended by the Omnibus Trade and Competitiveness Act of 1988 (Pub. L. 100-418), the Department of Labor herein presents the results of an investigation regarding certification of eligibility to apply for worker adjustment assistance.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Act

must be met. It is determined in this case that all of the requirements have been met.

The investigation was initiated in response to a petition received on April 12, 1999, filed on behalf of workers at Ansewn Shoe Company, Bangor, Maine. The workers were engaged in employment related to the production of men's and women's leather shoes.

The investigation revealed that sales, production and employment at the subject firm have declined during the relevant periods.

A departmental survey was conducted with major customers. The survey revealed that major declining customers of Ansewn discontinued purchasing shoes from the subject firm while importing shoes from sources located overseas during the periods under investigation.

Aggregate U.S. imports of leather shoes increased in the twelve month period January 1997-December 1998 compared with the same twelve month period one year earlier. In 1998 imports were over 800% of the United States production.

Currently, there is a NAFTA-Transitional Adjustment Assistance investigation in progress for the workers of the subject firm. The identifying number is NAFTA-3051.

### Conclusion

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with men's and women's leather shoes produced at Ansewn Shoe Company, Bangor, Maine contributed importantly to the decline in sales or production and to the total or partial separation of workers of that firm. In accordance with the provisions of the Act, I make the following certification:

All workers of Ansewn Shoe Company, Bangor, Maine, who became totally or partially separated from employment on or after March 19, 1999, through two years from the date of certification are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC this 17th day of June, 1999.
